SECTION 12 - Partners in Philanthropy					
It takes human and financial resources to help donors achieve their philanthropic goals and provide leadership on community needs and opportunities. A gift to the Partners in Philanthropy supports our infrastructure, secures our future, and sustains our mission to improve the quality of life in our region.					
A gift to Partners in Philanthropy is optional. I elec	t to give the following amount	nt to the Fund and expec	t an annual invitation	to renew:	
% of Establishing Gift \$100	\$250 \$500	\$1,000	\$2,500 \$5,000	\$10,000 \$25,000 or more

## **SECTION 15 - Endowed Fund Spending Policy**

## ENDOWED FUND SPENDING POLICY

As part of a total return investment objective, the Foundation utilizes a total return spending policy to allocate spendable grant balances. Absent an agreement to the contrary, this spending policy applies to all endowments held at the foundation.

The Board of Directors of the Greater New Orleans Foundation may appropriate for expenditure, for the uses and purposes for which an endowment fund is established, so much of the net appreciation, realized and unrealized, in the fair value of the assets of the fund over the historic dollar value of the fund as is prudent. Preserving the historic value best serves the long term objectives of endowments. An endowment fund is a fund, or any part thereof, which is not wholly expendable by the Foundation on a current basis under the terms of the applicable gift instrument (e.g., will, deed, grant, conveyance, agreement, memorandum or other governing document, including the terms of any Foundation solicitation from which a fund resulted) under which property is transferred to or held by the Foundation.

The Foundation shall maintain a record of the historic dollar value of each endowment fund. Historic dollar value means the fair value in dollars of an endowment fund at the time it first became an endowment fund plus the fair value in dollars of each subsequent donation to the fund at the time it is made. Absent an agreement to the contrary, if the fair value of an endowment fund on September 30<sup>th</sup> of any calendar year is less than that fund's historic dollar value, there will be no appropriation for the upcoming year.

In determining the amount of appropriation, the members of the Board of Directors shall exercise ordinary care and prudence under the facts and circumstances prevailing at the time of the action or decision, and in so doing, they shall consider, if relevant, all of the following factors:

- The duration and preservation of the endowment fund
- The purposes of the institution and the endowment fund
- General economic conditions
- The possible effect of inflation or deflation
- The expected total return from income and the appreciation of investments
- Other resources of the institution
- The investment policy of the institution

The Foundation takes into consideration some of the above factors by setting appropriate goals and objectives within the Foundation's Investment Policy. This policy is applied to the underlying investment portfolio, which is reviewed on a regular ongoing basis.

Investment management expenses and administrative fees of the Foundation shall be charged against ordinary income of each endowment fund, and not against the historic dollar value.

The current spending policy makes available on an annual basis 4% of the 12-quarter rolling average market value of the funds. The cutoff for the calculation is September 30<sup>th</sup> of each year to enable staff to perform the calculations for the upcoming year. All new endowment funds must be invested for four (4) full quarters prior to December 31<sup>st</sup> of each year in order for any appropriation to be made available. If the donor would like to begin awarding grants prior to such time, the Foundation will permit the donor to make a contribution as a pass-through contribution to fund the first year's grant-making.

Exclusions to this policy include, but are not limited to funds which are not endowment funds as defined herein, pass-through funds, non-endowed donor funds and endowed funds which are required to reach a certain asset level or time limitation before grants can be made which have not reached such a level or time period or if there is an agreement to the contrary.

The Board of Directors shall review this policy annually, and it has the express authority to amend the policy at any time.

I have read and agree to the Greater New Orleans Foundation's Endowed
